

# PRESS RELEASE, January 17,2017

Cheryl A. Kennedy

---

As President-elect Donald Trump prepares to assume the reins from Barack Obama, massive Government cover-ups, injustices, Constitutional rights violations and political treason remain concealed from **We The People**.

Freedom Fighter, Rights Activist and Whistleblower, **Cheryl A. Kennedy** exposes Government conspiracy in the U.S. Courts that transformed her 2004 amicable divorce proceedings into a nightmare of injustice and trauma. Since NO oversight existed, she contacted *NO Jurisdictional* political Honest Service Fraud stooges that were running the States of California and New York, the U.S. Congress, the F.B.I, the Judiciary and U.S. Department of Justice. She was granted a fraud ruling against a biased mediator, an attorney who misrepresented her. In 2008, after years of continual victimization and traumatization by cover-ups and violations of her rights, Kennedy subpoenaed Governor Arnold Schwarzenegger to a jury trial that was denied—a violation of her Constitutional Rights. She later subpoenaed Attorney General Jerry Brown. This California *Fraud on the Court* crime led to an unlawful foreclosure of her private property in the State of New York. In her fight for justice, she discovered an increasing number of crooks, crimes and officials abusing the power of their offices. She encountered several victims of Court crime and exposed their cases to assist them.

Government employees and usurpers are destroying our American Republic from the inside to create the New World Order. An American Holocaust exists, designed to destroy lives and families in the U.S. Courts through foreclosures, disaster victim programs, human trafficking and other crimes of terrorism. There is **NO FREE PRESS** while the media perpetuates Government Propaganda. Our complacent U.S. Military has failed to restore our Republic, our Freedom and our Inalienable Right to Life, Liberty and the Pursuit of Happiness guaranteed to All Americans by the U.S. Constitution, ***The Supreme Law of the Land***.
